

Health and Safety Statement of Intent

1. It is our intention to enforce appropriate measures to control and monitor health and safety procedures as a vital part of running Clymac as an efficient and successful operation

2. Therefore, so as far as is reasonably practicable, Clymac:

- Ensures that equipment and working precautions are taken in respect of the safe use, handling storage and transport of materials and substances.
- Ensures that all necessary precautions are taken in respect of the safe use, handling storage and transport of materials and substances.
- Provide such information, instruction training and supervision as is necessary to ensure the health and safety as work of all employees.
- Maintain all places of work, work equipment and transport under its control in a safe condition free from risk to health and safety.
- Provides adequate facilities for the welfare of employees.
- Safeguard the health and safety of visitors, contractors and any members of the general public who could be affected by these activities.
- Provides all necessary information relating to health and safety in respect of procedures and services and, where necessary, consults with employees.
- Reviews and updates the policy where necessary, particularly in respect of major changes within Clymac and / or changes in legislation and brings these changes to the attention of all employees.
- Ensures that all employees are mindful of their health and safety responsibilities and co-operate with Clymac in its efforts to fulfil the above policy.
- Ensures the policy is monitored at the workplace.
